

Dr. Arne Schulke

CFO
time:matters Holding GmbH

Curriculum Vitae

Dr. Arne Schulke is, since 2007, CFO of the time:matters Group, the expert for global Special Speed Logistics as well as for time-critical spare parts logistics. In line with the internationalization strategy of time:matters he took charge of the Leveraged Buy-Out in 2006. Currently, he is responsible for time:matters' European subsidiaries in addition to the Group's Finance & Corporate Services Unit.

Prior to joining time:matters, Dr. Schulke had acquired international business experience at a global management consulting firm. He started his career as Business Analyst at A.T. Kearney's office in Düsseldorf and worked his way through projects for companies as diverse as utilities to high-tech start-ups. He joined time:matters in 2003 as Senior Manager for IT, Controlling & Finance.

Dr. Schulke studied at the Boston (University School of Management) as well as in Germany, where he received a Master's Degree in Business Administration and in 2003 a PhD from the University of Trier. He speaks English, French, Dutch, Spanish and a little bit of Portuguese, is married and has a daughter.
