

## transport logistic 2023: time:matters returns as an exhibitor

- Stand: Hall B1, stands 100 and 101/102
- In-depth industry discussions on digital, sustainable and high-performance transport solutions

Neu-Isenburg, 4 May 2023: transport logistic, the world's largest logistics trade fair, will open its doors again in Munich from 9 to 12 May 2023. time:matters will be represented at this important industry platform together with Lufthansa Cargo, Swiss WorldCargo, CB Customs Broker and heyworld at stands 100 and 101/102 in Hall B1.

Demand for global, fast, flexible and reliable transport solutions is high. At the same time, digitalization and sustainability are exerting a growing influence on the future of air cargo logistics.

time:matters, the expert in time-critical emergency transports and supply chain solutions, has invested significantly in these areas in recent years while consistently pushing ahead with its international growth.

The company's experts will be available to trade visitors interested in delving in depth into the resulting opportunities and possibilities and discussing further logistics topics and trends.

### **About time:matters:**

time:matters has been the expert for time-critical express transports and supply chain solutions for more than 20 years. Urgently needed spare parts, missing production equipment, medical samples, dangerous goods and important documents are transported quickly and reliably from A to B via air, rail and road and if required also personally accompanied via on board courier or as charter solution. This is made possible by a global network with more than 500 courier partners and airlines. time:matters generally has access to all available airlines and can therefore utilize a wide range of flight routes. Besides speed and reliability, providing an individual, flexible service is paramount. time:matters is available 365 days a year, 24 hours a day, whenever customized logistics concepts are needed – for everything from ad-hoc situations through to regular business. At any time, customers can submit a transport request themselves via the time:matters booking website, which is quoted in real time and can be booked immediately. time:matters has achieved ISO 9001:2015 certification as well as ISO 14001:2015 environmental certification. The company is consistently expanding its ambitious sustainability strategy. By 2025, time:matters aims to reduce its own CO<sub>2</sub>-emissions by up to 50%, mainly through the use of Sustainable Aviation Fuel (SAF). As of 2023, investments will be made in 100% SAF for all Sameday Air and On Board Courier transports. time:matters' operations has already been carbon-neutral through reduction and compensation measures in 2022. time:matters employs more than 300 people and operates its own terminals for express and courier shipments at Frankfurt and Munich airport. time:matters GmbH has been AEO certified since April 2019. time:matters (Shanghai) International Freight Forwarding Ltd. was established on June 1, 2019. The company supports customers locally, from booking to issuing air waybills and local invoicing. The launch of time:matters Americas, Inc. took place in July 2020 as part of time:matters' internationalization strategy. The US corporate affiliate, headquartered in Miami, Florida, caters to both national and international customers.
